**My Portrait of Jesus**

- Who is Jesus to me?
- What am I trying to communicate to people about God today?
- How convinced am I in God's transforming power through this message?
- Where is Jesus in relation to my life, my possessions, and my conversations as well as in our church sermons and lesson plans?
- How will I present Jesus to a growing biblically illiterate generation?
- How has the insight that our daily walk (Hb., *halak*) with Jesus is more important than just following rules (Hb., *halakah*) affected me personally?
- How will I live and share my portrait of Jesus with others as I await the coming of the Lord in power and glory?
